

2010 – 2020

JOINT SOLUTIONS

LET'S PLANT 3,500 MILLION TREES

HIGH PROGRAM FOR WORLD REFORESTATION

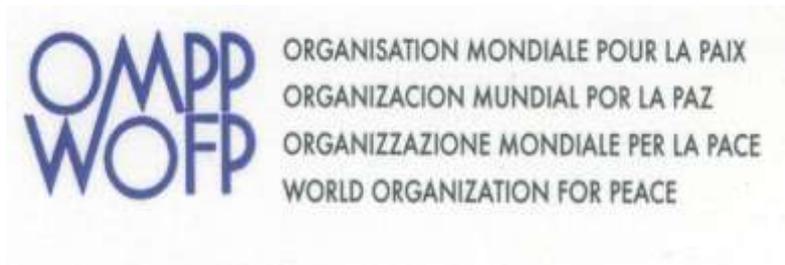

IF ONLY 5 % OF THE WORLD'S INHABITANTS DO IT, WE CAN ACHIEVE IT

THE MORE PEOPLE JOIN THIS PROJECT, THE HIGHER THE OXYGEN NEEDED

THIS COMMITMENT AND THE RESPONSIBILITY OF IT STAND IN THE HANDS OF ALL OF US

THIS PROGRAM CONSISTS OF 10 YEARS TO DEVOTE TO THE RECONSTRUCTION OF OUR HABITAT

PEOPLE HAVE ALWAYS NEEDED TO SET GOALS TO BE REACHED STEP BY STEP, AND THEY HAVE ALWAYS FULFILLED THEM

Let's Reforest the World with 3.5 billion trees from 2010 to 2020

Stop excessive tree felling, the first cause of Climate Change and New Hurricanes

Proposal:

WORLD REFORESTATION PLAN WITH THE U.N. AND THE COUNTRIES OF THE WORLD

EVERY INHABITANT OF THE WORLD IS RESPONSIBLE FOR ITS FUTURE...!!!

The numbers of the project: A simple project, with the commitment to deposit every year with great responsibility our savings in the "Account of the inhabitable Future of the Planet Earth" in order to plant a tree. The deposit will be certified by the local authority. **DEFINITELY THE BEST INVESTMENT...!!!**

How: Program for global awareness: youths should do it for their future, adults should do it because it is their responsibility, older people should do it to leave a legacy...

Cooperating with the UN means cooperating with the whole world, which we all should feel committed to...!!!

World population: 6.840 billion inhabitants (2009)

The Marathon of the Million: one more project to raise awareness, along with the program of reforestation from 1 to 5 million trees every year...

Planting Trees and Building Universities for Peace "Marathon of the Million" NGOs.

- A) A "Joint solutions" program that we should all participate in, it is also a commitment to be implemented accordingly to each place in the world and joining efforts of all of us ...

How are we responsible:

World inhabitants: 6.950 billion in 2010

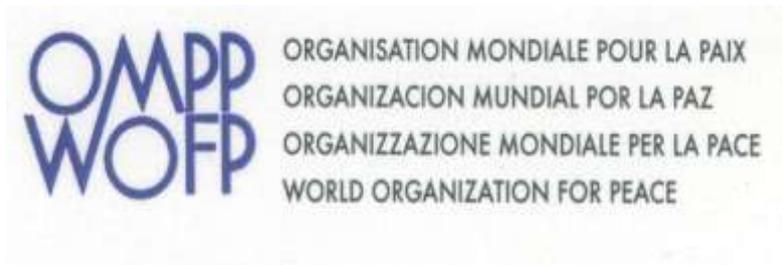

In 2011: 7.110 billion inhabitants

In 2012: 7.290 billion inhabitants

In 2013, 2014, 2015, 2016, 2017, 2018, 2019 in and 2020.....

Proposal: with only **5% of the population, corresponding to 350 billion inhabitants in 2010**, planting at least 1 tree per year during 10 years (from 2010 to 2020) we can **plant, grow and sustain 3.5 billion trees in the planet**

A PLAN FOR THE WORLD REFORESTATION IS AWARENESS ON THE FUTURE

PLANTING 3.5 BILLION TREES IS A GOAL WE CAN REACH IF WE UNITE

PARTICIPANTS

Promoting organization:

World Organization for Peace OMPP WOFP World Reforestation Program

Partners:

The United Nations and its reforestation program and Climate Change

193 Governments members of the UN in 193 Countries
